

## GoScaffold - Content - 26 Services Ideas that a Scaffolding Hire Company can Offer

Below is a list of ideas for services or charges that a scaffolding hire and erect company can offer its client base.

After all, when you have a client if you offer more services to them then that is easier than finding a brand new client... In fact research its been shown that its over **7 times more profitable**. Its often just a simple conversation or email to your client base.

Of course some of these services and products take some time and money to setup but at least it will get you thinking and maybe even if you ASK your clients if they need some of the services you may be pleasantly surprised...

1. Erect and Dismantle Scaffold
2. Dryhire Scaffold Equipment (no erect or dismantle) /Cash Sales of Scaffold Equipment
